Last Section = Signature Line ‘Signed by Richardus Pyle and Johannes Pyle’ dates at end [but not the year]

I assume you already understand that at the bottom it says it related to an 18th century transfer or transaction between Colwell Brickenden and John Groom and Griffin and Doghty And it was marked No 4 when shown by Daniel Smith at the time of his examination before Edward Ward.

Next Section

Title Inkpen 4th day after the feast of SS Peter and Paul in the eighth year of Henry the fourth after the conquest [I am not 100% sure that is the right way to read this date, but perhaps 85% sure]

Next section line 1 John Young – for giving homage for one ? tenement – different kind of number – but 31s!

IMG 22252 (in an earlier hand than both the above)

Very difficult hand

It is really a list of purchases and ? sales, ie accounts

Section 1 Line 5 refers to wheat ('blad.') and a quantity of 20

Section 2 Line 1 starts 'On every [spot] wheat...'

Section 3 the only line starts 'On 23 eggs {???' bought' and then figure possibly '2s 10 ½ d' (ob is halfpenny)

Section 4 The heading here is 'Expenses...', possibly expenses of the Abbot and starts 'On expenses [1 word in between] of the ? Abbot

Section 5 'In Expenses of the Ballus and others' Ballus might be bailiff.

The scrawl to the righthand side might be a total of some sort or a date.

The next para starts in pale with another reference to Ballus and continues with what must be more expenses

Line 4 starts with 'milling' (molendum)

Next section – an 8-line list of short items, much better set out and in a later hand!

Line 1 starts 'free' (liber) and end with Polhampton (which is on the Test near Basingstoke!) 20s

Line 2 John de Darborn Hall (or ball' for ballus??) hundred 13 s and 1 mark (or penny)

Line 3 Berry ?? ?? de Inkepenn 13s and 1 mark (or penny?)
